Business arising from minutes of previous meeting. - none

New Business:

\*Parent Engagement Survey-results and idea generation to encourage participation going forward. – only 24 total responses, not an accurate representation – results were compiled and SCC were asked to provide a Plus/Minus/Interesting after reading results and comments, hoping to get some insight as to how to encourage participation.

\*3<sup>rd</sup> Annual Saskatchewan SCC conference March 14 & 15 2020, North Battleford

\*25<sup>th</sup> National Congress on Rural Education in Canada March 29-30 2020, Saskatoon

- Jamie commented that there is funding available for anyone who wishes apply to go to either one of these events – see attached document

- Wendy wondered if there was a central location in the division for all SCC's to compile information from meetings, ideas generated, results from surveys or events – Jamie advised there is not at this time – only place to see precedent set or any other is by going back in each individual set of minutes
- some discussion around bus mileage – to and from school/work/home/etc – bus garage
- SCC mandate booklet located in office – the how/why/what of SCC – it was presented at the symposium Amanda attended
